1. Mission Statement

Bright Start Medical Training is dedicated to preparing compassionate, skilled healthcare professionals who are committed to providing high-quality patient care and supporting the needs of the healthcare system. Our mission is to provide accessible, career-focused training that serves as a launchpad for long-term success in healthcare.

2. Philosophy

Bright Start Medical Training believes that healthcare begins with dignity, respect, and compassion. Home health aides play a critical role in the delivery of care, helping patients live safely and with dignity in their own homes, and serve as a vital part of the home health care team. This program emphasizes real-world skills, accountability, professionalism, and hands-on training to prepare students for immediate employment and long-term growth.

3. Ownership and Organizational Chart

Bright Start Medical Training is privately owned and operated. Ownership and lines of administrative authority are outlined below.

Owner / President	George Frankel

Organizational Reporting Structure:

George Frankel, Owner / President & Program Director

- Lisa Frankel — Dean of Students (reports to the President)
- Steven Frankel — Business Manager (reports to the President)
- Crystal M. Perry — Medical Director & Primary Instructor (reports to the President)
- Laboratory Instructors — report to the Medical Director, Dean of Students, and Program Director
- Enrolled Students — report to assigned Instructors, Medical Director, Dean of Students, and Program Director

4. Entrance Policy (Section L)

Bright Start Medical Training admits students without discrimination based on race, color, religion, sex, national origin, age, disability, or political affiliation.

Applicants must:

- Be at least 18 years of age
- Hold a High School Diploma, GED, or equivalent
- Provide valid government-issued identification
- Pass a criminal background check through the Delaware Criminal Justice Information System (DELJIS)
- Pass a drug screening
- Complete all required enrollment documentation

A criminal history does not automatically disqualify an applicant. Results will be reviewed on a case-by-case basis in accordance with applicable state regulations and the hiring standards of Delaware licensed home health agencies.

5. Admission Requirements

Applicants must meet all entrance requirements listed above and complete the application process prior to acceptance into the program. Applicants must be at least 18 years of age and possess a high school diploma or high school equivalency (GED). Evidence of all required documents must be maintained in the student's file.

As a condition of enrollment, all students must complete a criminal background check through the Delaware Criminal Justice Information System (DELJIS). Because Delaware licensed home health agencies screen aides before hire, these results also help applicants understand their eligibility for employment in the field. Enrollment may be conditionally accepted pending receipt of background check results, but students will not be permitted to begin supervised practical training until a satisfactory result has been confirmed.

6. Application Process

- Submit a completed student application
- Provide required documentation (ID and education verification)
- Complete DELJIS criminal background check and drug screening
- Sign enrollment agreement
- Submit registration fee or arrange funding
- Receive confirmation of enrollment

7. Administration

President / Program Director	George Frankel
Dean of Students	Lisa Frankel
Business Manager	Steven Frankel
Medical Director	Crystal M. Perry

8. Faculty and Credentials

Primary Instructor — Crystal M. Perry, Medical Director:

- Licensed Registered Nurse (RN) in the State of Delaware
- Minimum of two (2) years of nursing experience, at least one (1) year of which is in home health care
- Knowledgeable in Delaware home health aide training requirements (16 Del. Admin. Code 3350 and 3351) and federal home health aide training standards (42 CFR 484.80)

Laboratory Instructors:

- Registered Nurse (RN) or Licensed Practical Nurse (LPN) licensed in Delaware

- LPN instructors operate under RN supervision
- Experience in home health, long-term care, or direct patient care settings preferred

All instructional staff will meet Delaware licensure and experience requirements. Documentation of credentials, licensure, and relevant experience will be maintained on file and made available for review prior to program start and upon request.

9. Student–Instructor Ratios

Setting	Student : Instructor
Classroom	24 : 1
Laboratory	8 : 1
Supervised Practical Training	8 : 1

10. Facilities

Training is conducted at the Claymont Community Center and includes:

- Classroom space for instruction
- Skills laboratory for hands-on training and supervised practical training
- Equipment storage area
- Access to restroom facilities

11. Equipment

The following equipment is maintained on-site to support instruction in all training areas required by Delaware home health aide regulations:

- Audio/Visual equipment
- Teaching Mannequin, Adult, for catheter and perineal care
- Hospital Bed
- Bedpan/Urinal
- Bedside Commode
- Wheelchair
- Scale
- Overbed Table
- Sphygmomanometer
- Stethoscope
- Patient gowns, linens, and at least four (4) pillows
- Thermometers
- Crutches
- Canes (variety)
- Walker
- Gait Belt

- Miscellaneous supplies: bandages, compresses, heating pad, hearing aid, dentures, toothbrushes, razors, bath and emesis basins, and compression stockings
- Foley Catheter and Drainage Bag
- Mechanical Lift
- Adaptive eating utensils/equipment
- Personal protective equipment (PPE) including gloves, masks, gowns, and eye protection
- Home care simulation supplies, including meal preparation items, household cleaning supplies, and a medication organizer for medication-reminder practice

12. School Calendar and Holidays

Bright Start Medical Training will be closed on the following federal holidays when they fall during scheduled instruction:

- New Year’s Day / observed holiday
- Martin Luther King Jr. Day
- Presidents’ Day / Washington’s Birthday
- Memorial Day
- Juneteenth
- Independence Day
- Labor Day
- Columbus Day / Indigenous Peoples’ Day
- Veterans Day
- Thanksgiving Day
- Christmas Day / observed holiday

13. Annual Calendar — Cohort Start and End Dates (2026–2027)

Each cohort consists of 76 instructional hours delivered over 13 instructional days: 60 hours of classroom and skills laboratory instruction and 16 hours of supervised practical (clinical) training. Each cohort also includes two (2) make-up days scheduled at the end of the cohort period. These make-up days are used to replace any sessions cancelled due to holidays, inclement weather, facility closures, or other disruptions. If a school-authorized closure results in more cancelled sessions than can be covered by the make-up days, the course end date will be extended to ensure all required hours are completed.

Cohort	Start Date	Final Instructional Day	Buffer Days	Official End Date	Federal Holidays Accounted For
1	Mon. Nov. 2, 2026	Thu. Nov. 19, 2026	Nov. 20–23	Mon. Nov. 23, 2026	Veterans Day, Nov. 11
2	Mon. Nov. 30, 2026	Wed. Dec. 16, 2026	Dec. 17–18	Fri. Dec. 18, 2026	None
3	Mon. Dec. 28, 2026	Thu. Jan. 14, 2027	Jan. 15–19	Tue. Jan. 19, 2027	New Year's Day, Jan. 1; MLK Day, Jan. 18
4	Mon. Jan. 25, 2027	Wed. Feb. 10, 2027	Feb. 11–12	Fri. Feb. 12, 2027	None

Cohort	Start Date	Final Instructional Day	Buffer Days	Official End Date	Federal Holidays Accounted For
5	Mon. Feb. 22, 2027	Wed. Mar. 10, 2027	Mar. 11–12	Fri. Mar. 12, 2027	None
6	Mon. Mar. 22, 2027	Wed. Apr. 7, 2027	Apr. 8–9	Fri. Apr. 9, 2027	None
7	Mon. Apr. 19, 2027	Wed. May 5, 2027	May 6–7	Fri. May 7, 2027	None
8	Mon. May 17, 2027	Thu. Jun. 3, 2027	Jun. 4–7	Mon. Jun. 7, 2027	Memorial Day, May 31
9	Mon. Jun. 14, 2027	Thu. Jul. 1, 2027	Jul. 2–6	Tue. Jul. 6, 2027	Juneteenth (observed), Jun. 18; Independence Day (observed), Jul. 5
10	Mon. Jul. 12, 2027	Wed. Jul. 28, 2027	Jul. 29–30	Fri. Jul. 30, 2027	None
11	Mon. Aug. 9, 2027	Wed. Aug. 25, 2027	Aug. 26–27	Fri. Aug. 27, 2027	None
12	Tue. Sep. 7, 2027	Thu. Sep. 23, 2027	Sep. 24–27	Mon. Sep. 27, 2027	Labor Day, Sep. 6 (cohort begins Tuesday)
13	Mon. Oct. 4, 2027	Thu. Oct. 21, 2027	Oct. 22–25	Mon. Oct. 25, 2027	Columbus Day, Oct. 11
14	Mon. Nov. 1, 2027	Thu. Nov. 18, 2027	Nov. 19–22	Mon. Nov. 22, 2027	Veterans Day, Nov. 11
15	Mon. Nov. 29, 2027	Wed. Dec. 15, 2027	Dec. 16–17	Fri. Dec. 17, 2027	None

14. Class Hours / Schedule

Days	Monday – Friday
Hours	8:30 AM – 3:00 PM
Break	30 minutes each class day (not counted toward instructional hours)
Day 13 Hours	8:30 AM – 1:00 PM
Daily Instructional Hours	6 hours per day (Days 1–12); 4 hours on Day 13

15. Inclement Weather / School Closing Policy and Communication System

In the event of inclement weather, facility closure, or other emergency conditions, Bright Start Medical Training may cancel classroom, laboratory, or practical training sessions for the safety of students and staff.

Communication of Closings:

- Closure notices will be posted on the school website and social media pages by 6:30 AM for morning sessions
- Enrolled students will be notified directly by phone call, text message, or email
- Students may also call the school's main line at 302-307-3939 to confirm closure status

Make-Up of Missed Time and Course Extensions:

When a session is cancelled due to a school-authorized closure, the following steps will be taken in order:

1. The missed session will first be rescheduled using one of the cohort's two (2) designated make-up days.
2. If both make-up days have already been used, or if additional sessions are cancelled beyond what the make-up days can cover, the course end date will be extended to accommodate the remaining required instructional hours.
3. Students will be notified promptly of any change to the course end date and the rescheduled session date(s).

School-authorized closures due to weather or other events beyond the school's control will never count as absences against a student's attendance record. The program will always be extended as necessary to ensure all 76 required instructional hours are completed.

16. Program Overview

Total Training Hours	76 hours
Classroom / Skills Laboratory	60 hours
Supervised Practical (Clinical) Training	16 hours
Instructional Days	13 days (plus 2 make-up days per cohort)
Program Duration	Approximately three (3) weeks

17. Program Sequence

- Days 1–3: Classroom instruction (18 hours, completed before any supervised practical training begins)
- Days 4–10: Classroom and skills laboratory instruction (42 hours)
- Days 11–13: Supervised practical (clinical) training (16 hours: 6 hours on Days 11 and 12, 4 hours on Day 13), concluding with the competency evaluation

Two (2) make-up days are scheduled at the end of each cohort to accommodate any sessions cancelled due to holidays, inclement weather, facility closures, or other disruptions. If more than two sessions are cancelled, the course end date will be extended to ensure all 76 required hours are completed.

18. Curriculum (State-Aligned Training)

The program meets Delaware home health aide training requirements (16 Del. Admin. Code 3350 and 3351, Section 5.7.4) and federal home health aide training standards (42 CFR 484.80), and includes instruction in:

- Personal care services and activities of daily living
- Homemaker services and medication reminders
- Principles of good nutrition and hydration
- Process of growth, development, and aging
- Principles of infection control
- Observation, reporting, and documentation of patient status
- Maintaining a clean, safe, and healthy environment
- Maintaining a least restrictive environment
- Verbal and non-verbal communication skills
- Reading and recording temperature, pulse, and respiration
- Safe transfer techniques and ambulation
- Normal range of motion and positioning
- Introduction to common assistive technology
- Principles of body mechanics
- Needs of the elderly and persons with disabilities
- Patient rights, confidentiality, and abuse and neglect prevention
- Dementia-specific care: communication, needs, and safety
- Recognizing and responding to emergencies

Required Textbook:

Providing Home Care: A Textbook for Home Health Aides, 7th Edition, by Leahy, Fuzy, and Grafe (Hartman Publishing; ISBN 978-1-60425-168-5). The textbook is included in the books fee listed in Section 31.

Federal Curriculum Crosswalk:

The table below shows where each subject area required for home health aide training under 42 CFR 484.80(b)(3) is covered in the required textbook.

Federal Subject Area (42 CFR 484.80(b)(3))	Providing Home Care, 7e
Communication skills, including reading, writing, and verbally reporting clinical information	Ch 4, pp 33–46
Observation, reporting, and documentation of patient status and care furnished	Ch 4, pp 41–46
Reading and recording temperature, pulse, and respiration	Ch 14, pp 248–258
Basic infection prevention and control procedures	Ch 5, pp 53–73

Federal Subject Area (42 CFR 484.80(b)(3))	Providing Home Care, 7e
Basic elements of body functioning and changes that must be reported to a supervisor	Ch 9, pp 110–164; Ch 10, pp 166–169; Ch 16, pp 300–302; reporting reinforced as a final step in all care procedures
Maintenance of a clean, safe, and healthy environment	Ch 6, pp 78–85; Ch 21, pp 363–379
Recognizing emergencies and instituting emergency procedures	Ch 7, pp 88–100
Physical, emotional, and developmental needs of populations served, including respect for privacy and property	p xiv; Ch 1, pp 7–8; Ch 3, pp 23, 29–30; Ch 8, pp 102–109
Personal hygiene and grooming: bed bath; sponge, tub, and shower bath; shampooing; nail and skin care; oral hygiene; toileting and elimination	Ch 13, pp 220–247; Ch 16, pp 307–310
Safe transfer techniques and ambulation	Ch 12, pp 203–213
Normal range of motion and positioning	Ch 12, pp 196–203; Ch 16, pp 302–307
Adequate nutrition and fluid intake	Ch 22, pp 381–401
Recognizing and reporting changes in skin condition	Ch 16, pp 307–310

19. Supervised Practical Training

Students complete 16 hours of supervised practical training in the school’s skills laboratory, followed by a competency evaluation. Practical training begins only after each student has completed at least 16 hours of classroom instruction. During practical training, students demonstrate their knowledge while performing home health aide tasks on a live individual (a fellow student or volunteer in the patient role) under the direct supervision of a registered nurse, or a licensed practical nurse working under the supervision of a registered nurse.

Practical Training Setting and Records:

The skills laboratory is equipped to simulate the patient’s home using the equipment listed in Section 11. For each student, the school records the dates and hours of practical training, the supervising instructor, and the skills performed. These records are maintained in the student’s file and are available for review by the Delaware Department of Education upon request.

Practical Training Expectations:

- Students must comply with all skills laboratory policies and procedures
- Professional conduct, dress code, and infection control standards must be maintained at all times
- Students may only perform skills for which they have received classroom and laboratory instruction

- All practical training hours must be completed under the direct supervision of a qualified instructor

Failure to comply with practical training requirements may result in removal from the practical training session and dismissal from the program.

20. Attendance Requirements

Regular attendance is essential to successful completion of the program. Students are expected to attend all scheduled classroom, laboratory, and practical training sessions.

- Students may not miss more than two (2) classes total across classroom, laboratory, and practical training sessions combined
- Absences from any type of session count toward the two (2)-absence maximum
- Students must notify the instructor at least two (2) hours prior to class if absent
- “No Call, No Show” may result in dismissal
- Students arriving more than fifteen (15) minutes late will be marked tardy
- Three (3) tardies equal one (1) absence
- All missed time must be made up in accordance with the Make-Up Policy

Exceeding the two (2)-absence limit may result in dismissal from the program unless the absence is the result of a school-authorized closure, in which case the session will be rescheduled as a make-up day.

21. Make-Up Policy

Each cohort includes two (2) designated make-up days at the end of the scheduled instructional period. These days are used to make up any sessions missed due to school-authorized closures, holidays, inclement weather, or other events that prevent scheduled instruction.

- Make-up days are mandatory for all students who missed the corresponding session
- Students who did not miss any sessions are still encouraged to attend make-up days for additional practice
- If a student has a personal absence (non-school-authorized), that missed time must be made up with instructor approval within the current or next available cohort, not to exceed three (3) months
- Additional make-up sessions beyond the two (2) scheduled make-up days may be arranged by the Program Director as needed

Make-up days are a required part of the program schedule. Failure to attend a required make-up session will be counted as an absence.

22. Grading Policy

► Passing grade: 75% or higher ► Failing grade: below 75% ► One retake allowed per quiz or exam	► No grade rounding ► No extra credit assignments ► Late submissions receive zero unless pre-approved

23. Academic Integrity

Cheating, plagiarism, falsifying records, or sharing exam content will result in immediate dismissal from the program.

24. Student Code of Conduct, Rules, and Policies with Consequences

All students are expected to conduct themselves in a professional, respectful, and safe manner at all times while enrolled at Bright Start Medical Training. The following rules apply in the classroom, laboratory, and practical training settings:

- Treat patients, staff, faculty, and classmates with respect and courtesy
- Follow all safety, infection control, and facility procedures
- Refrain from the use of alcohol, illegal drugs, or controlled substances on school premises
- Refrain from possession of weapons on school premises
- Use electronic devices only as permitted by instructional staff
- Maintain academic honesty as outlined in the Academic Integrity policy
- Comply with the Dress Code and Attendance Requirements

Consequences for Violations:

- First violation: Verbal warning and documentation in student file
- Second violation: Written warning and conference with the Program Director
- Third violation or any serious offense (e.g., safety violation, dishonesty, harassment, substance use): Immediate dismissal from the program in accordance with the Dismissal Policy

25. Skills Laboratory and Practical Training Policies

- Complete all required practical training hours
- Demonstrate professionalism at all times
- Follow all skills laboratory rules and procedures
- Follow infection control and safety protocols

Failure to comply with these policies may result in dismissal.

26. Dress Code

► Clean, professional scrubs ► Closed-toe, non-skid shoes ► Name badge visible at all times ► Hair secured away from the face	► No artificial nails or colored polish ► Minimal jewelry ► No strong fragrances

Students not in compliance may be sent home and required to make up missed hours.

27. Professional Conduct

- Treat patients, staff, and classmates with respect
- Follow all safety and infection control procedures

- Perform skills only under instructor supervision
- Maintain patient confidentiality at all times

28. Confidentiality and Ethical Responsibilities

Students must comply with HIPAA regulations. Patient information may not be shared, recorded, or discussed outside of approved settings. Students may not photograph, record, or post on social media any information about classmates, volunteers, or patients encountered during training.

Violations may result in dismissal and legal consequences.

29. Student Support Services

- Academic assistance
- Resume and interview support
- Career guidance and job placement assistance

30. Graduation Requirements

- Complete all 76 required training hours (60 classroom/laboratory + 16 supervised practical (clinical) training)
- Achieve a minimum passing grade of 75% in all academic components
- Successfully pass the program competency evaluation, demonstrating all required skills
- Fulfill all financial obligations to the school

Certificate of Completion and Employment:

Graduates receive a Certificate of Completion documenting successful completion of a home health aide training program of at least 75 hours, including classroom instruction and supervised practicum, in all training areas required under 16 Del. Admin. Code 3350 and 3351. Graduates may present this certificate to Delaware licensed home health agencies as evidence of required training.

Delaware does not issue a state certification or registry listing for home health aides. Before an aide provides patient care, the employing agency must administer its own competency evaluation and agency orientation, and aides must complete at least 12 hours of in-service training each year of employment.

31. Tuition and Fees

Total In-State Program Cost: $1,785.00

Program costs are itemized below:

Item	Cost	Includes
In-State Tuition	$1,225.00	Classroom, skills laboratory, and supervised practical training instruction
Books (Estimated)	$100.00	One (1) required textbook

Item	Cost	Includes
Other Fees	$200.00	CPR training, drug screening, criminal background check paperwork and background check/fingerprinting fees, and uniform
Supplies / Materials / Hand Tools (not included in tuition)	$260.00	Laboratory fees, hand sanitizer, towels, and soap
Total In-State Program Cost	**$1,785.00**	

32. Payment Plan and Methods of Payment

- $100.00 registration fee due at enrollment (non-refundable; applied to total cost)
- 50% of remaining balance due on the first day of class
- Final payment due by the end of Week 2

A Certificate of Completion will not be issued until all financial obligations are met.

Accepted methods of payment include cash, money order, and major credit/debit cards. Payment plans may be arranged with the Business Manager prior to the start of class.

33. Refund Policy

All monies paid by an applicant will be refunded if requested within three days after signing the enrollment agreement, but before starting classes. All refunds are made within 30 days of withdrawal and/or termination. Schools may request a letter of withdrawal, but the refund is based on last day of actual attendance in the school, not just dropping by the school to withdraw.

The school shall refund unearned tuition and fees as set forth in state regulations. The state refund policy allows the school to retain $100.00 of the tuition and fees for courses of 12 months or less duration, and the minimum refund of the remaining tuition will be:

1. During the first .01-4.9% of the course; 80% of the remaining tuition.
2. Between 5-9.9% of the course; 70% of the remaining tuition.
3. Between 10-14.9% of the course; 60% of the remaining tuition.
4. Between 15-24.9% of the course; 55% of the remaining tuition.
5. Between 25-49.9% of the course; 30% of the remaining tuition.
6. After 50% of the course; the school may retain all remaining tuition.

Refunds are based on the student’s last day in class and is not based on date of notification.

34. Withdrawal Policy

A student wishing to withdraw from the program must notify the Program Director in writing using the school's Withdrawal Form. The student's official withdrawal date is the student's last day of actual attendance, not the date the withdrawal is reported.

- Students should meet with the Dean of Students prior to withdrawing to discuss options
- Any tuition refund due will be calculated according to the Refund Policy
- A student who stops attending without formal notice will be withdrawn after exceeding the maximum allowable absences under the Attendance Requirements
- Withdrawn students may request transcripts of hours completed

35. Dismissal Policy

Students may be dismissed from the program for any of the following reasons:

► Academic failure ► Attendance violations	► Policy violations ► Unsafe or unprofessional behavior

Prior to dismissal, students will generally receive a verbal warning followed by a written warning, except in cases involving safety violations, dishonesty, harassment, or substance use, which may result in immediate dismissal. Students who are dismissed will be notified in writing of the reason for dismissal and any applicable refund in accordance with the Refund Policy.

36. Reinstatement Policy

A student who has withdrawn or been dismissed from the program may request reinstatement by submitting a written request to the Program Director.

- Requests for reinstatement will be considered on a case-by-case basis
- Students dismissed for safety violations, dishonesty, or conduct violations are generally not eligible for reinstatement
- Reinstated students may be required to repeat coursework, retake competency evaluations, and re-enroll in the next available cohort
- Additional tuition or fees may apply for reinstatement, as determined by the Business Manager

37. Transfer Policy (Prior Credit)

Bright Start Medical Training does not guarantee the transferability of credits, hours, or certificates to or from other institutions.

- Prospective students seeking to transfer prior home health aide or related direct care training hours must submit official transcripts or certificates for review by the Program Director
- Acceptance of prior training is at the sole discretion of the school and is evaluated against current Delaware home health aide training requirements
- Any accepted prior credit will be documented in the student’s file, along with the remaining hours required for completion
- Tuition for students with accepted transfer credit will be adjusted on a pro-rated basis

38. Leave of Absence Policy

Due to the accelerated nature of the program, leaves of absence are generally not permitted. Exceptions may be reviewed on a case-by-case basis by the Program Director and must be requested in writing prior to the leave, except in the case of a documented emergency.

39. Student Complaint/Grievance Procedure

If a student should have a concern or complaint, he/she should take the following steps:

1. Bring the problem to the attention of his/her instructor. If the problem is not resolved or the student feels the instructor is not the person to be contacted;
2. Contact the Director of Training to discuss the matter. If resolution is still not satisfactory;
3. The student may consider contacting the Education Associate for Private Business & Trade Schools at the Delaware Department of Education. All complaints considered by the Associate must be in written form, with permission for a copy of the complaint to forward to the school for its response. The complainant(s) will be kept informed as to the status of the complaint as well as to the final resolution.
4. All inquiries should be addressed to:

Education Associate, Private Business & Trade Schools

Delaware Department of Education

35 Commerce Way, Ste. #1

John Collette Education Resource Center

Dover, DE 19901

(302)857-3340

40. Transcripts

Official transcripts are available upon written request for students in good standing.
